Accommodating large areas—and large crowds—beautifully

From airports to entertainment facilities, these tile installations are under constant stress from routine foot and wheeled traffic. While durability is essential, it's also important that large expanses of tile be uniform in appearance and maintain their aesthetic appeal.

### LevelQuik® RS

**LevelQuik® RS**, a rapid-setting self-leveling underlayment, can be poured up to 1-1/2 inches deep and is walkable in as little as 4 hours. Fast-track installations and projects that require an extra-heavy rating for high impact are ideal for **LevelQuik® RS**.

#### Common Concerns

- Appearance is key
- Large-format tile
- Limited downtime
- Heavy foot traffic, and rolling loads
